

August 18, 2006

All members were present except USC

Dr. Jody Cormack is starting a pro bono clinic on Tuesday/Thursday mornings for neuro patients. The MS Society is partially funding expenses. This will be used as a training site for students. Contact Jody for details.

Dr. Janna Beling received a grant for fall prevention. Call her at 818 677-7445 for referral details.

Cerritos College is scheduled for an on-site accreditation visit on October 8-10, 2006.

Dr. Donna Redman Bentley has accepted the position of Associate Dean of Research at Western University. Georgeanne Vlad is the Interim Chair of the Physical Therapy Program for one year. Dr. Dorcas Tominaga was elected to be the Interim Chair of IACCC for one year.

The annual IACCC/CEF workshop will be held October 25, 2006 at Rancho Los Amigos National Medical Center. The topics will be the Commission on Accreditation for Physical Therapy Education (CAPTE) Requirements for Clinical Education and will be Situational Leadership for Clinical Education. Presenters will be Georgeanne Vlad, Dr. Sheryl Low and Dr. Jody Cormack. The brochure is enclosed with this mailing. The deadline for registration is October 18, 2006. Attendees will receive a \$25.00 discount certificate for the CI Credentialing Program and will also receive a small gift for making our students' clinical experiences excellent.

There are some spots open for the IACCC Job Faire. Since the job market is hot and many positions are going unfilled, this is a good opportunity for employers to meet potential PT and PTA new hires.

IACCC members are planning CI Credentialing workshops for late fall and for spring. Don't forget to use your \$25.00 discount certificates. We will be giving certificates again to the IACCC/CEF Workshop attendees.

The next meeting will be 10:00 at CSULB.
