

March 28, 2008

All members were present except CSUN.

The electronic version of the PT Student CPI should be launched in July. Each program will phase it in at different times to coincide with new classes. To use the electronic version, each CI will need to complete a brief on-line training session at no cost with the APTA. More information will be forthcoming.

The IACCC scholarship recipients have been selected. They are Sara Gilliland from Chapman University, Eliasar Altamirano and Stephanie Buss from Cerritos. College. Each student will receive \$1000.00. The Scholarship Committee was comprised of Guy Fukushima Saddleback Medical Center, Betty Miller Kaiser Orange, and Dena Plescia Long Beach Memorial. Many thanks to this excellent committee.

The next CEF meeting is scheduled for May 22nd. The tentative topic will be the new electronic version of the CPI.

If you have not reserved a booth at the IACCC Job Faire, please do so soon as spots are filling up. A flier is enclosed with this mailing in case the department supervisor did not receive one. Please share this with the appropriate persons.

The next meeting will be April 25th at 9 am at Azusa Pacific.
