

June 6, 2008

All members were present except University of St. Augustine

CSUN is pleased to announce that Dr. Dan Mathinyakom, PhD has been hired to teach therapeutic procedures. He will be replacing Dr. George Wolfe who retired last month.

Dr. Chris Sebelski will be leaving USC in August to move to St. Louis. We will certainly miss her. USC is recruiting for the DCE position. Interested persons may contact Dr. Kathy Sullivan at 323 442-2900 or [kasulliv@usc.edu](mailto:kasulliv@usc.edu)

IACCC is planning to offer two CI Credentialing Courses. The first will be held September 13 and 14 at Miller Children's/Long Beach Memorial. Marijean Piorkowski is the contact person. The second course will be held on November 9 and 16, 2008 at Rancho PT in Murrieta. Georgeanne Vlad is the contact person. These courses are popular, so please register early to assure a seat.

Western University is offering a course in Examination, Diagnosis, and Interventions for Patients with Lumbar Instability: Evidence Based Approach on July 19 & 20. This is an advanced course taught by Deydre Teyhen, PT and Elizabeth Painter, PT. 1.5 CEUs will be awarded. Contact Tiffany Witherspoon at 909 469-5545 or [tlewis@westernu.edu](mailto:tlewis@westernu.edu)

As a reminder to all centers, please do not give away a clinical slot because you do not have a name of a student. Some programs do not know which students will be enrolled at the time the slots are first allotted. We count on these slots being available, and will notify centers asap if a slot is not being used. Thanks for you continuing support of all of our programs.

The next CEF meeting will be held at 1:30 pm on September 25<sup>th</sup> at Presbyterian Intercommunity Hospital.

The next IACCC meeting will be 9 am August 1 at APU.
