The PT Student CPI is going electronic July 15, 2008. Programs will be phasing it in with each new class. The electronic version will allow both the CI and the students to fill it out on a computer. It can then be forwarded to the ACCE/DCE. To use the electronic version, a 1 ½ training module must be completed on line. The new version is more streamlined, and easier to use. Hard copies will still be available for those who need them

The next meeting will be 9 am March 28<sup>th</sup> at Azusa Pacific University
